

IS YOUR CONSTRUCTION SOFTWARE DOING EVERYTHING IT SHOULD?

If you're still fighting unexpected invoices, unbilled change orders and other forms of profit fade, take the *Forefront*[®] challenge. This checklist will help you evaluate your current software. And help you decide if it's time to investigate the benefits of upgrading.

Dexter + Chaney's *Forefront Construction Management Software* was ranked #1—among 54 competitors—in the Job Costing/Accounting/Payroll Applications category according to CFMA's 2004 Information Technology Survey for the Construction Industry, fifth edition. For more information, or to purchase the survey, visit www.CFMA.org.

Forefront: because using the best software doesn't cost, it pays.

See how your software stacks up against #1 rated Forefront

| Forefront Standard Features | Your Software |
|---|--------------------------|
| Fully Integrated System Accounting, job cost, project management, document imaging and HR fully integrated from the ground up. | <input type="checkbox"/> |
| Real-Time Information Up-to-the-minute job status provides immediate access to understanding profits. | <input type="checkbox"/> |
| Document Imaging Invoices, contracts, timecards and more secured within Forefront for instant retrieval. | <input type="checkbox"/> |
| Project Management Fully integrated to eliminate double-entry and capture more profit from change orders. | <input type="checkbox"/> |
| Electronic Invoice Processing Stops the paper shuffle, saves time, improves accuracy and eliminates surprises. | <input type="checkbox"/> |
| Detailed Project Documentation Provides total control and visibility of project details, like RFIs, submittals and change orders. | <input type="checkbox"/> |
| Early-Warning System Identifies out-of-control jobs before it's too late to make corrections. | <input type="checkbox"/> |
| Human Resources Manages and automates employee records, benefits, safety tracking, OSHA reporting and more. | <input type="checkbox"/> |
| Easy Remote Access Provides remote offices and job sites with fast access to all job information. | <input type="checkbox"/> |
| Software Upgrades Our customers never repurchase their software; new versions are included in maintenance program. | <input type="checkbox"/> |
